

NAHTAM

To make Elderly care finally work

OUR COMPANY

To make elderly care finally work.

It's some I think about since my father got Sick and we were trying hard to find all the needs for him and I am sure that there is a lot of people suffering too this is why I create Nahtam to provide for those people all what they need in one place.

ABOUT THE PROJECT

Nahtam is an ecommerce project made with Laravel

The website provide all the products that the elderly people will dream of all of them in one place with the ability to read and discover the latest news and article about this concept

CONCLUSION

Old age is a sensitive phase; **elderly** people need **care** and comfort to lead a healthy life without worries and anxiety. Lack of awareness regarding the changing behavioral patterns in **elderly** people at home leads to abuse of them by their kin.

Make the elderly life easier and never let them suffer again
